Lions:

First off, I would like to thank Lion Jerry Lawrence and Lion Joe Irr (both are from District B) for helping Region 2 Lions with their Pre School Eye Screening that was held at Dover Downs on September 27, 2008. I believe we had 16 children that were screened. We had two referrals. Also, there were 4 Sure Sight Devices at the screening. Pre-School eye Chair Lion Jim Miles was there too doing eye screening. I also would like to thank the Chair of this new District project Lion Rennie Quible of the Dover Lions Club and her committee for doing an outstanding job. I am hoping we will do this great project next Lion year at the same time. Training is an important aspect in using this new device. Lions Jerry Lawrence, Joe Irr, Guyla Brinckmeyer, and Jim Miles will be happy to train any Lion that wants to learn how to use this new device. Lion Guyla and Lion Jim's phone numbers are in the roster book. Lion Jerry Lawrence's numbers are 302-744-9494 Home and 302-424-4073 cell.

DLF walk on October 12 was a big success. On that day, we shared the track with the Juvenile Diabetes Research Foundation International (JDRF). The JDRF had 74 walkers and they raised over \$4,000.00. Over 300 walkers participated in the event. I do not know at this time the total funds raised for DLF. Everyone had a good time and we (DLF and JDRF) are looking forward to next year's walk. VDG Lee Bird and I will be at JDRF walk on October 26 passing out information on Lionism and Lions of Delaware. Maybe, we will pick up some new members.

From the Desk of DG Bob Daniels

Senior Lions Leadership Institute was held in Toronto Ontario, Canada October 2-6, 2008. Our own Bulletin Editor Lion Jay Wheeler was in attendance. Lion Jay told me that he found it very informative and is hoping to pass on some of his newly found knowledge.

To date, we have only three clubs in the district that are participating in Peace Poster Contest. Please have them postmarked no later than November 15, 2008.

November is Diabetes Awareness Month. November 14th is World Diabetes Day. Speaking of Diabetes, JDRF was founded in 1970 by the parents of children with Type 1, juvenile diabetes. This is a disease that strikes children suddenly and makes them insulin dependent for life. It carries the constant threat of devastating complications. Since its inception, JDRF has awarded more than \$1.16 billion to diabetes research, including more than \$137 million in FY 2007. More than 85 percent of JDRF's expenditures directly support research and research-related education.

Diabetes Corner:

How do I know when I have poor circulation in my feet and legs?

The hallmark sign of poor circulation is pain or cramping in the calf or the thigh (usually the calf) that occurs when you walk a short distance. This pain is a sign that the muscles are not getting enough oxygen. If you slow or stop and rest for a few minutes, the oxygen supply usually catches up with the demand and then you can walk a little further before the pain 3 of 10 reoccurs. The medical term for this condition is "intermittent claudication." Other signs of poor circulation can be pain at rest, non-healing ulcers, absent or weak pulses in the feet or legs, a decrease in blood pressure in the feet and legs, or a lack of hair growth on the lower legs. A blue or purplish color, especially when your feet are hanging down and having cold feet are also signs of circulation problems. If you think you have poor circulation to the feet, ask your provider to evaluate it. Poor circulation is caused by a blockage in the arteries supplying blood to the feet. The blockage may need to be removed or bypassed with vascular surgery. A simple treatment is to walk every day. This exercise can force the blood vessels to expand and improve the circulation in your feet and legs.

LIONS CAMP MERRICK

A Great Time and a Rewarding Experience

On October 10-12, 2008, Multiple District 22 completed its 10th successful leadership retreat with another amazing group of participants. Lions from all over District 22 (Maryland, Delaware and the District of Columbia) had the opportunity throughout the weekend to connect with Lions from a variety of clubs, find out what works with other clubs, and to increase the success of Lionism in the future.

The instructional courses were designed to motivate and provide basic knowledge to Lions; while the activities included fun challenges, skits and the opportunity to work on team building skills. Topics included: Preparing Leaders for Super Service (PCC Rowe Haywood & PDG Tom Baines), Adapting to Meet Member and Community Needs (Lion Jeff Pledger & Lion Jeff Newman), 21st Century Lions-Rebranding (PID Joe Gaffigan, PDG Bob Jones & PCS Cheryl Jones), and Innovations for Greater Service (Lion Lauren Newman & PCC John Lawrence).

Next year's MD22 Lions Camp Merrick weekend promises to be even better! Mark your calendars and BE THERE – October 16-18, 2009.

DLF Walk - October 12, 2008

DLF Walk for Sight number six— what a day, the weather was great, the hot dogs were cooked to perfection! We all had fun and made lots of money for your foundation- the Delaware Lions Foundation and the people of Delaware. We had a total of 325 walkers, 115 from Lions Clubs, 95 from youth groups and 67 from the JD RF, our guest walkers and 48 from the public. We do not have all the figures at this time but it looks like we made around \$10,000. Thank you one and all. This walk does not just happen, it takes a TEAM. For me and my co-chair Lion BJ thanks to all who helped make this a great day to be Lion. So now it's time to start planning Walk #7! If you would like to be part of this team just let BJ or me know and we will put you to work. You can go to the Delaware Lions Foundation web sight to see photos of the fun. www.delawarelionsfoundation.com

USA/ Canada Forum 2008

Another great USA/Canada Lions Leadership Forum is in the record books. While not an attendance leader, it was a good Forum. Quite a few attendees cancelled after the hurricanes hit Texas and the surrounding area but I believe there were still over 2,000 attendees. The motivational speakers were excellent and the seminars were first class. Twenty three Lions or guests attended from 22-D and about 35 from the other 4 sub-districts of MD 22. I think it was a pretty good showing from Delaware considering the distance. I continue to believe that it is one of the best training tools that LCI offers Lions outside of our own MD 22 Leadership Institute.

This year the Forum was held in Saskatoon, Saskatchewan, Canada. I expected hills and mountains, never having been in the area, and was surprised to find topography similar to Delaware. The temperature was a little brisk in the evenings but during the day it was very pleasant. We stayed over until Monday and took advantage of the beautiful weather to stroll along the river bank, take a river cruise, and walk to another great restaurant several blocks from our hotel.

The Forum in 2009 will be in Memphis, Tennessee, home of the Blues, Barbecue, and Graceland. The host committee indicated that they are working on an Elvis Impersonator Show and free passes to the Beale Street Clubs for Friday night rather than putting on a meal since Memphis has so many good restaurants. Most of us who attended the Saskatoon Forum pre-registered for Memphis. So get out your Blue Suede Shoes and get ready to sign up for the Memphis Forum.

Our Faculty Lions

The Sr. Lions Leadership Institute Training (SLLI) was great!! I felt that I learned a lot about being a leader and I made a lot of friends. I look forward to serving our District in Lionism. I want to thank DG Bob Daniels for submitting my name for SLLI. Some things I learned from SLLI are: (1) they provide an opportunity for Lions to come together for a five-day interactive session of personal growth in the context of enhancing leadership skills. (2) They focus on building the skills of Lions leaders to prepare them to assume leadership responsibilities at the zone, region and district level. (3) And SLLI is open to Lions in good standing who have completed a successful term as club president, but have not yet attained the level of vice district governor. One candidate per district will be selected. After the application submission deadline date, all candidates will be notified of their selection status.

Lions Clubs International paid for meals and lodging during the actual days of the institute. You are responsible for paying your own transportation and related travel expenses to and from the institute site.

At the institute there were:
94 participants from 63 different districts representing 22 States and
7 Canadian Provinces:

September membership report

Well again this month it is not good news- we are down
18. We are still going in the wrong direction! But I know we can
still turn this around if we all just get out there and ask, and if we
can keep the lions we have. With October being membership
month, let's hope our numbers are better, and we can start moving
towards a positive number. The total count of Lions in our District
is now at 1,357. So we need all you Lions to just ask. If we don't
ask, how will we know if someone wants to be a Lion? Someone
asked you to be one, and look at what this has done for you! Again
the MERL team is there to help so if you have ideas just let us
know. We are looking for better numbers next month.

The break down Thru September is 19 new members, one
reinstatement, 4 transfers, and 42 drops. Clubs on the positive side
are Dover, Milford, Milton, and 18 clubs are even. We can do bet-
ter, so let's all of us Lions think and ask someone to join us. If we
are going to turn this around it will take a team effort from all the
Lions in 22 D.
