The Monster Mile Walk and Auction are history. What a history! These two events raised about \$21,000 for our Delaware Lions Foundation. I am sure more details can be found in other articles in this issue, but **Great Job** to the chairs Lions Jim Littleton and FVDG Karl Gude, and to the entire team that planned these two great events.

Our annual Lions Eye Bank of Delaware Valley meeting in Laurel was a success as usual. We had a great message from a local cornea recipient, Robert Patrick, raising the awareness for old Lions and showing our new Lions the extent to which Delaware supports this activity. I am sure the North meeting in Claymont will have similar response on the 28th.

Our Leadership Chair PDG Mike Mock had 4 training sessions scheduled this month. I hope they were well attended. Attendance is required for 100% club.

We have our second District Cabinet meeting scheduled for November 3rd at Dover Downs. I hope all cabinet members attend and Lions who are interested in learning more about the operation of the District.

The Governors Ball is only a little over 1 month away. Please plan on attending. You will not want to miss our international guest speaker ID Debra Wasserman. Please support Ball Book and sell those ads.

Plans for the Regional holiday parties for the visually impaired are well under way. These are always fun for not only our guests but for the Lions who help put them together. Great experience for new Lions! Get them involved.

Emmitsburg. This is our own multiple District 22 Lions Regional Leadership Institute. It will be February 19-21, 2010. This is the best leadership training available any where in the country, and not just for Lions. Major companies pay thousands of dollars for this type of training for their top employees. **What A bargain!** The District 22-D picks up ½ of the registration for students and we hope your Club picks up the other ½. You can’t afford to pass up the chance for growth as a Lion but for personal growth in other areas as well. The flyer with details and registration is included in this issue and are available on the web site. There are only 20 slots available for 22-D so jump in early!

We will be having a membership workshop in conjunction with the other Districts, January 15-18, 2010. More information will follow but please keep these dates open. We must continue to invite new members so we can be +2 in all clubs by December 31st.

PDG Alan "TED" Reiver

Candidate for International Director 2010-2012

Hello Lions

I hope everyone who participated in the Delaware Lions Foundation walk and auction had as good a time as I did. Now I need the assistance of all Delaware Lions.

I am writing to ask for your support in two ways. After much consideration, I, with the support of my wife Lion Ann, have decided to seek the high office of International Director for Lions Clubs International. It is my desire to represent the Lions of 22-D in the fine tradition of those who have served before me – PID Ralph N. Helm and PID James A. McCarty. I know these are big shoes to fill and I am willing to do the very best that I can to fulfill this task.

First of all, there will be competition for the office of International Director within our Multiple District 22. Therefore, I am looking for backing from the district and votes from the delegates at our Multiple District Convention in May, 2010.

Secondly, if our membership continues to fall as it has in recent years, we may not be eligible to present an International Director candidate at this time. With that said, please note that we have a Past Council Chair Grant Curtis, serving as our district's membership chair this year that has an excellent presentation on membership and is willing to assist your club in any way possible. Or, if there is anything I can do to work with you or your club, please don't hesitate to call on me. My phone number is: (W) 800-764-2312, (H) 302-762-6970, (Cell) 302-750-3009.

Thank you in advance for your support.

Your humble servant,
PDG Alan "Ted" Reiver

The 2009 USA/Canada Lions Leadership Forum held from September 24 – 26th in Memphis, Tennessee is now history. It will be remembered as a great forum because of the location, the quality seminars, and the outstanding camaraderie that was seen and felt. You soon come to realize that all Lions are good people. They would not be Lions if they were not.

In addition to the Memphis food, music and fun, there were a lot of opportunities for learning and exchanging ideas with other Lions from around the country and Canada. We also had time for some site seeing (Graceland, Beale St, The Peabody Hotel and its ducks) and an opportunity to dig in to some Memphis Barbeque. We ate at 3 different locations and each one was different but very good. We ate at **Rendezvous**, **Blues City Café**, and **BB Kings**. We all went on diets upon our return.

Some of the Seminars that I attended:

We Know Why Elvis Has Left The Building .But Why Are Lions Leaving Their Clubs?

"Kindergarten Lessons for Lions" – Everything you need to know about dealing with people in your club, you probably learned in kindergarten.

Don't be Cruel: Use Presentation Styles Fit for "The King" to Create Unique & Unforgettable Lions Events
Communication & Collaboration using the Internet

Attracting and Keeping Younger Members Involved in Lionism

The Keynote Speakers were top notch again this year. The Thursday Night Speaker was [Dr. Charles Petty](#) who gave us a humorous but important message about life with his "**Roaring Fires, Flickering Flames, Dying Embers Or Cold Ashes**" presentation. The Friday Luncheon Speaker was LaDonna Gatlin who explained about how choices affect our lives. The Saturday Night Speaker, Craig McFarlane brought us his message of Inner Vision and PRIDE - Perseverance, Respect, Individuality, Desire and Enthusiasm. Craig lost his vision in a tragic accident as a youth but has accomplished many things that those with vision only dream about doing.

Included in the 2,772 Lions and Guests that attended Memphis were 23 Lions and Guests from Delaware. I hope to see between 30 and 40 from Delaware at next year's Forum in Milwaukee. Over 1,250 attendees pre-registered in Memphis so it is sure to be well attended.

Future Forums will be held as follows:

September 23-25, 2010 - Milwaukee, Wisconsin (a 15 hour drive)

September 22-24, 2011 - Anchorage, Alaska (a 78 hour drive)

September 14-16, 2012 - Tampa Bay, Florida (a 17.5 hr drive)

September, 2013 Overland Park, Kansas (a 19 hr drive)

PDG Bob and PCS/T Cheryl Jones, PDG Ted and PCT Ann Reiver, my wife Lion Sheila and I took advantage of the opportunity to go on a road trip, as did many of the other attendees. We met at my house and left around 9AM and headed west. We drove as far as Knoxville, TN the first day, spent the night and drove on in to Memphis the next day. Picture 6 adults in a mini-van. We knew the people would fit but were concerned about the luggage. Well PDG Bob Jones is a great packer and he got everything stowed away without resorting to the rooftop. We anticipated changing seats around so that no one was stuck in the back seat for the entire trip but Ann and Cheryl fell in love with it and would not give it up. After the Forum, we stayed over until Monday and took advantage of the great weather to do a little touring in Memphis on Sunday. We rode the trolley loop and were fortunate to have a very personable trolley driver who told us a lot about the area and what we were seeing.

Leo's at Indian River High School

By Lion Dick Waughtal

Bright and early on a Tuesday morning, the entire Freshman class of the Indian River High School, consisting of well over 200 students, was invited to attend an assembly for the purpose of learning more about the Leo Club movement, and witnessing the swearing in of 61 new members of the Club. Total enrollment in the IRHS LEO Club is now 95 members.

The Indian River High School LEO Club is a service organization that was sponsored and chartered by the Fenwick Island Lions Club eight years ago. The objective of the LEO Club program is... "to provide the youth of the world with an opportunity for development and contribution, individually and collectively, as responsible members of the local, national and international community..." Since the LEO Club program began more than 50 years ago, it has grown to 5,700 individual clubs worldwide, with over 144,000 members. Today, community service remains the cornerstone of the program. Like their Lion counterparts, LEO Club members enjoy serving their neighbors and watching positive results unfold.

Fenwick Island Lions Jim and Carol Miles work together to serve as the liaison between the two Clubs and Ms. Lonnie Riley is the Leo Club advisor. Throughout the year members serve their community through their participation in such activities as beach cleanups, 'adopt a grandma program,' Christmas giving to the elderly and to those in need, helping serve at the Lions Vision Impaired Christmas Party, and assisting the Fenwick Lions in many fundraising efforts, including the Lions Selbyville Halloween Parade, Spaghetti Dinner and Pancake Breakfast.

Abigail Boettiger, this year's Leo President spoke to those assembled and reflected on what being a Leo means to her. She said *"Saying that the Leo Club is fulfilling is an understatement. The type of satisfaction all members feel after an event is unlike any other feeling; your time and assistance can make a huge impact in the community plus in the recipient's lives. Not to mention it is fun! I have met many new people and made so many friends through this Club... The Leo Club allows its members to volunteer at his or her convenience in a no-pressure atmosphere. Every helping hand is appreciated. And, I promise, every new incoming member will be extremely happy that they made the decision to join."*

Lion Jim Miles, served as master of ceremonies for the program, Fran Pretty, President of the Fenwick Island Lions Club spoke of the importance of service to the community and Delaware Lion's First Vice District Governor Karl Gude officiated at the initiation ceremony for the new members. The program also included the showing of a Lions Clubs International video entitled "New Glasses, New Life" which highlighted the Lions program of recycling used eye glasses to those in need in developing countries. It should be noted that the Leos will be collecting used eye glasses at this year's Lions Club Selbyville Halloween Parade, along with providing a pamphlet describing this worthwhile Lions program. Also shown during the assembly was a video presentation depicting the many community service projects that club members have been involved in over the past several years.

After the program, club president Fran Pretty remarked that "our Club is proud to be the sponsor of the Indian River Leo Club. Our mission is to set a good example for these young folks and show them, through our own efforts, the importance of serving others and the personal satisfaction that it brings. We are also most grateful for all the help they provide us in our fundraising efforts."

Leo Club Origin

In 1957, Coach Jim Graver started the LEO ball rolling. Graver was the coach of the Abington High School, Pa., baseball team. Graver was also an active member of the Glenside, Pa., Lions Club. With fellow Lion William Ernst, Graver talked about starting a service club for high school boys. So they asked their fellow Lions for support. Without hesitation, the Glenside Lions agreed that a Lions youth group was a good idea. Graver and Ernst set to work. On Dec. 5, 1957, the Glenside Lions presented a charter to the Abington High School Leo Club whose members were mostly made up of the high school's baseball team. As the world's first LEO club, the group created the LEO acronym - Leadership, Equality, Opportunity (Equality was later changed to Experience.) And, the group chose maroon and gold their school colors - to serve as the LEO Club colors. In October 1967, the board of directors of Lions Clubs International adopted the LEO Club Program as an official program of the association, which is open to males and females. The Leo Club motto is: "Leadership - Leos develop skills as organizers, time managers and motivators' of their peers. Experience - Leos learn the importance of cooperation through community service. Opportunity- Membership provides young people with a chance to excel, to develop positive character traits, and to receive recognition for their contributions to the community."

Or go to the District 22-D website: www.lions22d.org and pick PhotoShow Galleries tab to see these pictures.

October 11th turned out sunny and mild and the Delaware Lions Foundation Lions Walk was off to a great start. What a day it was- great fellowship and fun and all the time helping the people of Delaware. Our grand marshals, were the Charlton School and their Therapeutic Riding program? It is truly a honor as Lions to be associated with such a great group of teachers, students and parents. Thanks to the Camden Wyoming Lions Club for stepping up and making us all aware of this program. This truly is what we as LIONS do every day- Thank you!

So another walk is over and we will start to plan for next year. If you have any thoughts or would like to be on our team, our meeting will be posted in the bulletin or call FVDG Karl at 539-3498. As of now it looks like we will make over \$ 10,600.00, thank you one and all!

There is on thing I must clear up. Two years ago we invited the JDRF to walk with us; they are a great group with a large passion for their fight against Diabetes. There were some rumors on walk day that we share what we make with JDRF. We do not share what we make, the DLF keeps what we make and the JDRF keeps what they make. We are just sharing the day on the track as the track time at Monster Mile is somewhat limited. This is what Lions are all about, helping and serving in any way.

Thanks to all, the walk team who make this day what it is.

BLACKROCK

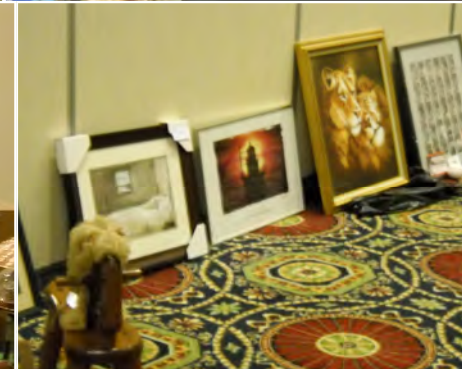

The DLF Auction

The DLF Auction was held at The Dover Downs Hotel & Casino on Sunday, October 18th. Auction buyers contributed over \$11K in auction purchases. The monies will be used as grants to District 22D Lions Clubs for local community projects. I would like to thank all of those that worked so hard to make this auction another success. There was a great crowd and many items to be auctioned off. I would especially thank auctioneer Ben Twilley and his wife Michele for the job that they did and also my wife Margaret, for her help that made my job easier. This year was great and with all your help next year will be even better. Our next years auction has already been scheduled for October 24, 2010. Put it on your calendar. Thanks to all the clubs and individuals that donated auction items. Without any of you the auction would not have been a success.

MERL MEMOS

Following are some membership programs that work:

1. Divide your club members into teams and award a prize for the team that brings in the most new members over a pre set time period. The prize could be a steak dinner for the winners while the losers eat hot dogs.
2. If your club has an active tail twister you could exempt any member who brings in a new member from fines for a defined period of time.
3. Have a meeting that honors outstanding women in the community. Invite all women in your community who are active in the community and give them a certificate of appreciation. Also have a speaker that night who tells of all the community service that your club has performed.
4. Make sure that the realtors in your area have brochures to give to people who move into the community. The realtors are the first to meet new members of the community.
5. Put old Lion magazines in doctor's office and other places with waiting rooms. Put a label on the magazine with your clubs contact information.
6. If a good member has to leave because of financial reasons offer to pay their dues until they get back on their feet.
7. ABOVE ALL ENCOURAGE ALL OF YOUR MEMEBRS TO ASK

If you have any other ideas, that work please send them to me;

Continued from Page 5
(USA/Canada Lions Leadership Forum)

We left on Monday around 8 and drove for a few hours and stopped for breakfast at a Cracker Barrel. We then drove until we were almost to Roanoke, VA and stopped for the night. We drove on home the next day, arriving back at my house around 3:30 PM. It was a great trip and I would not hesitate to do it again next year when we go to Milwaukee. I have attended 13 Forums and have no plans to stop. There is something new every year and possibly a new way of looking at it. I would encourage all Lions to take advantage of this great opportunity afforded us by Lions Club International. The program itself is very economical. If you consider it a vacation, the travel and hotel bills are doubly justified. What you receive from the Forum is valuable to you as a Lion, in your professional life, and in your family life. It may also be possible for your Club to provide some financial assistance from its Leadership funds. It is great training for future presidents and other officers.

See you next year in Milwaukee!

USA/ Canada Forum Chairman

Diabetes Corner:

How can I eat less fat at a fast food restaurant?

Since many fast food restaurants have adopted the "bigger is better" attitude, classic small, medium, and large sizes are no longer available. Now you have large, extra large, and supersize. Because of these larger portion sizes, the average American takes in 150 more calories a day, and most of these calories are fat. Although an extra 150 calories a day doesn't sound like much, these calories add up with bad results for you. There are many ways you can lower calories and fat in a fast food restaurant. The easiest way is to choose the smallest serving available. Just choosing a plain cheeseburger instead of a double cheeseburger will remove more than 200 calories. Most important is to choose low-fat items in place of high-fat items. For example, choose a baked potato with salsa or steak sauce (instead of butter and sour cream) to replace French fries. Order sandwiches without fancy sauces, and order salads with low-fat dressings (or "on the side" to control the amount of dressing you put on your salad). When low-fat options are not available, leave a few fries on your plate or a few bites of your sandwich, and skip dessert. The best way to reduce fat in fast food? Reduce how often you eat fast food.
