"Serving With a Passion"

District Governor: Ralph Schieferstein

November 2005

Editor: Lee Bird

Fall has certainly made its presence know lately! As CS BJ, CT Bruce and I drive to visitations, we marvel at the beautiful foliage we see along the highways. One can only be in awe of the miracles of nature.

Thank you to all the Lions and guests that came to our Cabinet Meeting on Halloween Night. The event was well attended and many attendees were in costume. Some Lions went all out with their costumes and we had a hard time guessing their identity. We had witches, clowns (some even in costume), a knight, Little Red Riding Hood, and many other characters. The Cabinet Meeting was a fun event and was an effort to make the meetings enjoyable. We are working on a theme for the January 31st Cabinet Meeting, so put it on your calendar now so you won't miss out.

I attended the LVRF Rally yesterday and it was a moving and enlightening event. Three of the Wilmer staff gave reports on what they are working on and goals that have been reached. Members of two recipient families gave reports on what LVRF had done for them. Dr. Arnall Patz reminisced about meeting Helen Keller and how special a person she was. Lion Fred Williams was even there in his Kilt portraying Sir Galahad and Lion Henry Cowell and Pat were dressed as Sir Lancelot and Lady Guinevere. If your club has not already contributed to Vision 2000 or if you have the resources to do so again, please consider making a donation to the endowment at this time. We are trying to reach the \$4 million goal and we are very close. A challenge was issued to the Lions of MD 22 to donate \$50 personally to the fund. If we all did, the goal would be immediately reached. Please consider this also on a personal level.

The Christmas Parties for the Blind and Visually Impaired are fast approaching. Kent is first on December 1st at the Felton Fire Hall this year. Sussex is next on December 6th at the Millsboro Civic Center and last but not least, the New Castle Party will be held on December 10th at the Wilmington College Hall as usual. If you have never attended one of these projects, you are missing out on a great opportunity to serve. The attendees are very appreciative of our efforts and it really helps get us in the Holiday Spirit.

I hope everyone has an opportunity to give thanks for their blessings and share their good fortune with others. I wish everyone a Happy Thanksgiving and I look forward to seeing many of you at the Governors Ball on December 3rd. Our International Guest, ID Ernie Young is a real gentleman and I am anticipating his visit.

Remember, whenever I see you, to

SHOW ME YOUR - PASSION!!!!!!

Ralph

EDITOR'S NOTE

You may have noticed I changed the title of the previous section to:

SOME CLUB HIGHLIGHTS

I have to emphasize the word "SOME" here. The Items here are just some things that I have picked out from all the bulletins that I receive from the clubs in the District. I attempt to pick a cross section or items and clubs, just to show the broad areas of interest that Lions cover.

Some are the same old thing that many clubs do but are vital to what we do. Some have what I see as a new twist or approach. We are always looking for another way to serve and another way to fund that service.

No excuses here but the stack of newsletters that I receive each month is about an inch high and I do not get regular newsletters from every club. I do read through them all, but just like the daily paper I don't read every word and might well miss something good.

If you have something that you think would be of special interest to the other clubs in the District, or that you could use their support on, please send me a note before the 23rd of the month and I will try to include it.

DeTails Ed. Lee

The Video Eye machine that was turned around through the New Castle Hundred Club was done by a Lion (no name) who doesn't always make it to meetings due to schedules. He new of a couple that needed a machine. The cost was well beyond the Clubs budget. Then up comes this machine from a friend who's husband passed away and a couple of 17 year old computer whiz's. The machine is now serving in a new home. OK What's the point?

Keep your eyes open and look for other ways to SERVE. "Well Done" Lion (no name).

District 22-D power point and CD show.

The MERL Team and some Lions of the district are constructing a power point and video show about the programs in 22 D.

We need pictures or videos that are digital. We would like pictures or videos of club fundraisers or projects performed this Lion year or the last Lion year. Along with the pictures and videos, we would like a brief description of the activity. We have two Lions who said they would put this together for us. Their labor will be free. This will be a twenty minute presentation. This will be a good selling point for the district and clubs for bringing in new members.

It will take many man hours to put this together. So if you would like your club project or fundraisers included in this presentation, provide Lion Bob Daniels or PDG Mike Mock with this information by January 30, 2006. All suggestions and comments are welcome. We hope to hear from your club soon.

Thank you,
MERL Team
