22-DELAWARE

BRIEFS

SEPTEMBER 2006

KEITH L. THOMPSON, District Governor

ED SHORT, Bulletin Editor

Dear Fellow Lions, Lioness, and Leos:

Is your club **Shifting the Paradigm**? Your Cabinet has visited several clubs at this point in time and we are seeing a **Shifting of the Paradigm**. Every club we have visited has tried or is trying something new and exciting. We visited the Newark Club, which has done away with a head table this year. Your Cabinet found it a wonderful way to meet and share some time with our fellow Lions from the Newark Club. When a Lion travels up and down our Great State on visitations

you can get to know your fellow Lions from your own Club as well. I would encourage all members to go out on visitations and learn more about your fellow Lions. This is also an exciting way to learn how your Club can **Shift the Paradigm** with new projects and ideas from your fellow Clubs in this wonderful Lions District known as 22-D.

When your Cabinet makes its official visitation to your Club this year we will be emphasizing 2006-2007 as the year of **Club Renewal**. We would like for you to examine all your Club Activities and generally how your Club operates. We would like you to: 1) Identify highly successful activities and practices that your Club performs. We would like for you to continue and expand those activities and practices. 2) Identify less successful activities and practices. How can you change and improve those activities and practices? And finally, 3) identify unsuccessful activities and practices and replace them with something new. On our visitation to your Club please help us in identifying the three types of activities and practices that your Club performs. Let us talk about the three different types of activities and practices that your Club performs. This has been very beneficial in our meetings thus far. But don't just tell us, talk about these with your fellow Lions in your Club and **Shift the Paradigm**.

I had the distinct pleasure in addressing and installing the new officers of our newest Club, the Capitol City Lions Club. As many of you know the Capitol City Club was the dream of PDG Bill Kircher and a handful of other Lions of District 22-D. The Capitol City Club started its infancy as a Branch Club of the Dover Lions Club and has developed into the Chartering of a full-fledged Lions Club. Congratulations go out to the members of the Capitol City and Dover Lions Clubs as well as PDG Bill Kircher and IPDG Ralph Schieferstein who acted as the Guiding Lions for our newest Club in the District. Can you feel the **Paradigm Shifting** with two new clubs in our District in the last two years? Are there other Clubs in our District that can be formed in areas not served by Established Clubs? Are there Clubs out there in areas where a Breakfast or Lunch Club could be formed to benefit potential Lions that can't make an Established Club's meeting time or day of the week? Please contact your District Extension Chair, Past Council Chair Don LeCates, who would be glad to help in your efforts.

Is your Club participating in the Peace Poster Contest? It's not too late but time is of the essence. This is a terrific community service for the youth of the District. So if your Club has not participated in this worthwhile project, **Shift the Paradigm** and get started right away, but we need your Club's winning entries turned in to the Cabinet by November 15, 2006.

Keep On Shifting!!

Keith
